Dr. John A. White
Chancellor
University of Arkansas
Fayetteville, AR 72701

Dear Chancellor White:

It is my pleasure to present the annual Financial Report of the University of Arkansas, for the year ended June 30, 2003.

This report has been prepared in conformity with generally accepted accounting principles established by the American Institute of Certified Public Accountants. The Division of Legislative Audit of the Legislative Joint Auditing Committee of the State of Arkansas has examined this report and their opinion is included.

Sincerely,

A handwritten signature in blue ink that reads "D. O. Pederson". The signature is fluid and cursive.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Overview of the Financial Report

The financial report of the University of Arkansas, Fayetteville consists of: Management's Discussion and Analysis, Statement of Net Assets, Statement of Revenues, Expenses, and Changes in Net Assets, Statement of Cash Flows, and Notes to the Financial Statements. This report provides short-term and long-term information on the University of Arkansas, Fayetteville. Management prepared this discussion and analysis, the financial statements, and the related footnote disclosures.

This financial report has been prepared using the accrual basis of accounting, which is consistent with the accounting method used by private-sector entities. All of the current year's revenues and expenses are recognized when earned or incurred, regardless of when cash is received or paid.

This portion of the University's Financial Report, Management's Discussion and Analysis, provides an overview of its financial activities for the year ended June 30, 2003.

Financial Highlights

On March 11, 2003, the University of Arkansas, Fayetteville Campus Foundation, Inc. was established by the Walton Family Charitable Support Foundation, Inc. for the exclusive benefit of the University of Arkansas, Fayetteville, campus. Shortly thereafter, this new foundation received \$300 million in gifts from the Walton Family Charitable Support Foundation, Inc. More detail concerning this foundation is included in note 16, "Affiliated Entities", in the Notes to the Financial Statements.

Also, on December 1, 2002, the University issued \$110,980,000 of new bonds for various University facilities and equipment. This transaction is discussed further in the Significant Changes in Capital Assets and Long Term Debt Activity section below.

Statement of Net Assets

The Statement of Net Assets reports all financial and capital resources of the University. This statement is presented such that assets less liabilities equal net assets. Assets and liabilities are presented in the order of their relative liquidity. In addition, assets and liabilities are reported as current and non-current. Current assets are those assets that can be realized, with relative ease, such as cash, in the coming year. Current liabilities are expected to be paid within the next year. Non-current assets and liabilities are not expected to be realized as cash or paid in the subsequent year.

Net Assets are presented in four categories: Invested in Capital Assets, Restricted and Nonexpendable, Restricted and Expendable, and Unrestricted Net Assets. Net assets Invested in Capital Assets are reported net of depreciation and net of related debt. Restricted and Nonexpendable Net Assets are required to be retained in perpetuity (endowments). Restricted

and Expendable Net Assets have constraints placed on their use by external entities (grants, contracts, and capital appropriations). Unrestricted Net Assets consist of all other net assets that do not meet the definition of Invested in Capital Assets or Restricted Net Assets.

The following summarizes the University's assets, liabilities, and net assets as of June 30, 2003 and June 30, 2002:

	As of	
	June 30, 2003	June 30, 2002

Invested in Capital Assets, net of related debt	\$ 291,367,965	\$ 272,872,660
Restricted – Nonexpendable	16,925,809	19,140,377
Restricted – Expendable	63,777,034	70,606,384
Unrestricted	110,420,118	107,478,607
Total Net Assets	\$ 482,490,926	\$ 470,098,028

The increase of \$68,226,919 in current assets is comprised of increases in deposits with bond trustee of \$80,758,842, and prepaid expenses of \$1,532,971; decreases in cash of \$7,766,645, accounts receivable of \$4,995,677, and pledges receivable of \$1,022,480; and net decreases in miscellaneous items of \$280,092.

The increase in deposits with bond trustee is related to the issuance of \$110,980,000 of bonds on December 1, 2002, which is discussed in more detail in the Significant Changes in Capital Assets and Long Term Debt Activity section below and note 9 "Compensated Absences, Bonds, Notes & Capital Leases Payable" in the Notes to Financial Statements. The prepaid expense increase is related to advance payments made to the Arkansas Highway and Transportation Department (AHTD) for street improvements and parking lot construction for the Fayetteville campus. The decrease in cash is reported in detail on the Statement of Cash Flows presented herewith. The decrease in accounts receivable is primarily the result of having payment delayed in FY 02 for the Arkansas Academic Challenge and Governor's Distinguished Scholarship from the Department of Higher Education. There were no significant delays in FY 03 for these scholarship programs. The decrease in pledges receivable is the result of payments having been received on pledges that are greater than new pledges received.

Noncurrent assets increased by \$53,253,368. \$49,252,760 or 92.5% of this increase was in Capital Assets, net of depreciation. This net change is reported in detail in note 12 “Property, Plant, and Equipment” in Notes to Financial Statements. There were no other noteworthy changes in Noncurrent Assets.

Total Net Assets increased by \$12,392,898 or 2.64%. This is a net increase comprised of an increase in Net Assets invested in Capital Assets, net of related debt, of \$18,495,305 and Unrestricted Net Assets of \$2,941,511; and decreases in Net Assets Restricted – Nonexpendable of \$2,214,568 and Net Assets Restricted – Expendable of \$6,829,350.

The increase in Net Assets Invested in Capital Assets, net of related debt, is the result of the University investing in capital assets at a rate greater than these assets are being depreciated (used) or disposed of. The decrease in Net Assets Restricted – Nonexpendable is the result of the income generated by endowment investments (including market value fluctuations) that did not keep pace with spending from these endowments for current operations. The decrease in Net Assets Restricted – Expendable represents spending from restricted revenue sources in excess of revenues realized. The small increase (2.74%) in Unrestricted Net Assets is the result of spending from unrestricted sources at a slightly lower rate than revenues were realized. These Unrestricted Net Assets are owned by the various units of the University of Arkansas Fund as follows:

	As of June 30, 2003	As of June 30, 2002
University of Arkansas, Fayetteville	\$ 85,099,102	\$ 81,895,192
Agricultural Experiment Station	17,131,857	16,951,157
Cooperative Extension Service	6,505,062	7,004,518
Arkansas Archeological Survey	118,891	79,718
Criminal Justice Institute	1,565,206	1,548,022
Total Unrestricted Net Assets	\$ 110,420,118	\$ 107,478,607

Almost all of the increase in Unrestricted Net Assets can be attributed to University of Arkansas, Fayetteville. The unrestricted net assets for University of Arkansas, Fayetteville are allocated as follows:

	As of June 30, 2003
Working Capital	\$ 750,000
E & G Department Uses	30,747,328
Service Operations	985,226
Auxiliaries	9,304,488
Plant Funds	28,987,662
Quasi-Endowment Funds	14,323,076
Unallocated	1,322
Total UAF Unrestricted Net Assets	\$ 85,099,102

In Plant Funds, \$18,175,842 is allocated to a non-mandatory bond sinking fund. The University is authorized to issue bonds for capital expenditures with the interest paid on the bonds exempt from federal and state income taxes (tax exempt municipal bonds) for the bond buyers. The University also has the authority to invest unrestricted net assets any way deemed appropriate. This non-mandatory bond sinking fund is the accumulation of assets resulting from the University having budgeted or accumulated funds for capital expenditures, but instead borrowed with tax-exempt bonds for these expenditures, and invested the budgeted and accumulated funds. In this process, the University realizes investment income in excess of interest expenses for the difference between the yield for taxable corporate or government bonds and tax-exempt municipal bonds.

Reducing University of Arkansas, Fayetteville net assets by this non-mandatory bond sinking fund leaves net assets of \$66,923,260.

Statement of Revenues, Expenses, and Changes in Net Assets

The Statement of Revenues, Expenses, and Changes in Net Assets is the operating statement for the University and provides an Operating income (loss) amount. The Operating Loss of (\$216,877,880) is of little significance for the University of Arkansas, Fayetteville since accounting standards require a significant portion of our revenues (state appropriations, gifts, investment income, and some grants) to be reported as Non-Operating.

Two other numbers on this statement, Income (loss) before other revenues and changes in net assets of (\$16,011,798), and Increase (decrease) in net assets of \$12,392,898 are much more useful indicators of the University’s financial health and management’s effectiveness.

Increases in these numbers over time indicate the University’s financial health is improving. Conversely, decreases in these numbers over time indicate deteriorating financial health. In addition to these financial indicators, other indicators such as enrollment, ability to acquire competitive research grants, and the condition of University facilities should be considered when assessing the University’s health and vigor.

Total Net Assets for the University increased by \$12,392,898 or 2.64%. The following summarizes the University’s operating statement:

	Fiscal 2003		Fiscal 2002	
		Total		Total
Operating Revenues	\$	203,936,844	\$	183,604,049
Operating Expenses		420,814,724		386,134,363
Operating income (loss)		(216,877,880)		(202,530,314)
Nonoperating revenues (expenses)		200,866,082		202,522,987
Income (loss) before other revenues and changes in net assets		(16,011,798)		(7,327)
Other revenues and changes in net assets		28,404,696		605,086
Increase (decrease) in Net Assets	\$	12,392,898	\$	597,759

Operating Revenues increased by \$20,332,795. This is comprised of increases in Auxiliary enterprises – Bookstore of \$12,033,588, Student tuition and fees of \$3,631,038, Auxiliary enterprises – Athletics of \$2,627,617, and Sales and services of educational departments of \$2,440,531, along with a decrease in Federal appropriations of \$1,474,591, and a net increase in other items of \$1,074,612.

The increase in Auxiliary enterprises – Bookstore is the result of having a full year's activity for the Bookstore included in the financial statement for this year. Prior to May 28, 2002, the University Bookstore was operated by a contractor. Since that time the University has operated the Bookstore. Only about one month's financial activity for the University Bookstore was included in the FY 02 financial statement. There is a full year's activity for the University Bookstore included in this year's financial statement. The increase in Student tuition and fees is the result of increases in the rates charged for tuition and fees and a small enrollment increase. The increase in Auxiliary enterprises – Athletics is the result of a general increase of athletic revenues. The Sales and services of educational departments is a general increase across many departments. The decrease in Federal appropriations is the result of smaller appropriations from the federal Department of Agriculture (USDA) to the Agricultural Experiment Station and Cooperative Extension Service.

Operating Expenses increased by \$34,680,361 or 8.98%. Salaries, wages, and benefits increased \$8,250,063 or 3.41%, as the result of general salary and benefit increases. Scholarships and fellowships increased \$16,329 or 0.08%, effectively no change in this operating expense. Supplies and other services increased \$24,099,242 or 25.13%. Over \$12 million of this increase relates to the University having assumed operation of the University Bookstore as discussed above. The balance of this increase was general in all areas with no particular commodity or department affected in a significant way. Depreciation increased \$2,314,727 or 8.25% and is directly related to the increase in Capital Assets discussed below in Significant Changes in Capital Assets and Long Term Debt Activity.

Nonoperating Revenues (Expenses) are down slightly by \$1,656,905 or .82%, however, offsetting increases and decreases of the individual lines within this section of the report are considerably larger. State Appropriations are down \$4,866,379 or 3.08% as the result of reductions in state funding for the year.

Gifts are down \$4,838,247 or 17.25% as a result of fewer gifts to the University. This information is not a good indicator of the University's ability to obtain gifts. Most gifts for the benefit of the University are made to the University of Arkansas Foundation, Inc. whose financial information is presented in summary form in the note 16 "Affiliated Entities" in the Notes to the Financial Statements.

A significant increase was realized in Investment income for the year. FY02 Investment income was a loss of \$119,658 and FY03 Investment income was a gain of \$11,466,481. This is the result of improved investment performance over FY 02, which was a particularly difficult year for investing activities.

The nonoperating expense of Interest on capital asset-related debt increased by \$3,016,712 or 49.82% and is the result of interest expense on the new debt issues in FY 02 and FY 03. Federal grants (nonexchange) are down by \$2,402,162 or 15.35% as a result of fewer federal grants being received by the University. The increase in Other nonoperating revenues is the result of \$110,980,000 of bonds having been issued at a premium. There were no other significant items in this section of this statement.

In Other Revenues (expenses) and Changes in Net Assets, capital appropriations are down by \$2,471,275 as a result of fewer state appropriations for capital acquisitions. Capital grants and gifts increased by \$22,195,226 primarily as a result of gift funds from the Razorback Foundation, Inc. for improvements to the Donald W. Reynolds Razorback Stadium. There were no other noteworthy items in this section of this report.

Statement of Cash Flows

The purpose of the Statement of Cash Flows is to provide information about the cash receipts and disbursements of the University for the year. This statement may aid in the assessment of the University’s ability to meet obligations as they become due, the need for external financing, and the ability to generate future cash flow. This Statement of Cash Flows is prepared using the “direct method” as required by GASB.

Similar to Operating income (loss) on the Statement of Revenues, Expenses, and Changes in Net Assets, Net Cash provided (used) by Operating Activities is of little significance to the University of Arkansas, Fayetteville because accounting standards require significant sources of cash to be reported as Non-Operating Financing. The Net Cash Provided by Operating Activities and Non-Capital Financing Activities is a much more meaningful number for the University of Arkansas, Fayetteville.

The following summarizes the University’s cash flows:

	Fiscal Year 2003	Fiscal Year 2002
Cash flows from operating activities	\$ (185,113,176)	\$ (174,683,396)
Cash flows from noncapital financing activities		
	197,560,017	197,951,179
Net cash provided (used) by operating and noncapital financing activities	12,446,841	23,267,783
Cash flows from Capital financing activities	(27,378,232)	(18,478,235)
Cash flows from Investing activities	7,164,746	1,647,051
Net increase (decrease) in cash for the year	\$ (7,766,645)	\$ 6,436,599

Cash Flows from Operating Activities show an increase in the use of cash by \$10,429,780. This is the result of general increases across the board with no particular commodity or department affected in a significant way. This use of cash by departments was requested by management to reduce accumulated funds. Cash Flows from Noncapital financing activities are virtually

unchanged. Cash Flows from Capital financing activities are related to the issuance of the approximately \$110 million in new debt and are discussed in more detail in the following section. Cash Flows from Investing Activities show the net liquidation of investments to support the operating and capital expenses.

Significant Changes in Capital Assets and Long Term Debt Activity

On December 1, 2002, the University of Arkansas, Fayetteville issued a new bond series. Series 2002 for \$110,980,000 of tax-exempt bonds were issued with the proceeds to be used for capital improvements to the Fayetteville campus. This bond issue was insured by FINANCIAL GUARANTY INSURANCE COMPANY. Moody's Investors Service and Fitch Inc. assigned the municipal bond ratings of "Aaa" and "AAA", respectively, to this bond issue. The underlying credit rating for this bond issue was "A1" by Moody's Investor Service and "A+" by Fitch Inc.

A summary of long-term debt (including the current portion) activity is as follows:

	Bonds	Notes	Leases
Balance as of July 1, 2002	\$ 122,213,000	\$ 5,136,573	\$ 249,057
Additions	110,980,000	1,188,802	
Payments of principal	6,315,000	250,957	47,355
Balance as of June 30, 2003	\$ 226,878,000	\$ 6,074,418	\$ 201,702

Note 9 in the Notes to the Financial Statements provides additional information related to the University's long-term debt.

A summary of the change in Net Assets invested in capital assets, net of depreciation and net of related debt is as follows:

Net Assets Invested in capital assets, net of related debt and depreciation as of June 30, 2002	\$ 272,872,660
Land Additions and Disposals	2,573,944
Buildings Additions and Disposals, net of depreciation	33,867,703
Improvements/Infrastructure Additions, net of depreciation	441,207
Equipment Additions and Disposals, net of depreciation	925,973
Construction In Progress Additions net of transfers to buildings and improvements/infrastructure	11,379,928
Livestock Additions	64,005
Bond debt moved to Net Assets invested in capital assets	(37,123,175)
Note Payable moved to Net Assets invested in capital assets	(247,592)
Bond Principal Paid in FY 03	6,315,000
Note and Capital Lease Principal Paid in FY 03	298,312
Net Assets Invested in capital assets, net of related debt and depreciation as of June 30, 2003	\$ 291,367,965

Conditions and other factors having a significant effect:

The University's outlook is closely related to its role as the flagship university for the state and the only major non-medical research university in the state. The University is largely dependent on the ongoing financial and political support from state government.

The Lake View School funding lawsuit hangs as a big question mark over the state's fiscal future. One recent estimate of the additional funding required to meet the court ordered criteria is \$847 million.

The University is also dependent on its ability to recruit and retain high quality students. Fall 2003 enrollment is 16,449, an all-time record high enrollment, and an increase of 2.6% over the Fall 2002 enrollment. Undergraduate enrollment is up 1.2%, Law School enrollment is up 11.5%, and Graduate enrollment is up 6.0%. While management is encouraged to see the improvement in enrollment overall, undergraduate enrollment needs to increase at a higher rate to ensure continued increases in the revenue generated by tuition and to ensure continued support from state government.

The condition of the University's capital assets is another important consideration. An estimate of the deficiencies of the Educational and General facilities of the University has been made to provide the necessary data to develop an optimized facility renewal plan. All systems in all facilities were evaluated by a team of trained engineers and assigned scores with 1 being poor condition, 2 being adequate condition, and 3 being target condition. The gross square footage weighted average for all Educational and General facilities was 1.58 for the year ended June 30, 2002. An effective method of assessing the management of these assets is to track the average facility score over time. Management is committed to providing comparative facility scores in future reports and is in the process of implementing the software to enable such annual tracking.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2003

(1). Summary of Significant Accounting Policies

The financial statements for the University of Arkansas, Fayetteville (“the University”) for the fiscal year ended June 30, 2003, have been prepared in accordance with generally accepted accounting principles accepted in the United States of America, as prescribed by the Governmental Accounting Standards Board (GASB).

During 2002, the University adopted GASB Statement No. 34, *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* and GASB Statement No. 35, *Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities*, as amended by GASB Statements No. 37 and No. 38, and applied those standards on a retroactive basis. GASB Statement No. 35 establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following four net asset categories:

- Invested in capital assets, net of related debt: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- Restricted:
 - Nonexpendable – Net assets subject to externally-imposed stipulations that they be maintained permanently by the University. Such assets include the University’s permanent endowment funds.
 - Expendable – Net assets whose use by the University is subject to externally-imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time. There is no formal policy requiring restricted net assets to be used either before or after unrestricted net assets are used for the same purpose. Responsible officials determine at the time funds are expended to use any unrestricted net assets that may be available.
- Unrestricted: Net assets that are not subject to externally imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of management or the Board of Trustees or may otherwise be limited by contractual agreements with outside parties. Substantially all unrestricted net assets are designated for academic and research programs and initiatives, and capital programs.

GASB Statement No. 35 also requires the statements of net assets, revenues, expenses, and changes in net assets, and cash flows to be reported on a consolidated basis.

Basis of Presentation and Measurement Focus

The University is considered a special-purpose government engaged only in business-type activities and therefore reports as a Business Type Activity, as defined by GASB

UNIVERSITY OF ARKANSAS, FAYETTEVILLE
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2003

Statement No. 35. Accordingly, the financial statements of the University have been prepared using the economic resources measurement focus and the accrual basis.

The University has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The University has elected to not apply FASB pronouncements issued after the applicable date.

Cash and Cash Equivalents

The University considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds held in the custody of the Treasurer of the State of Arkansas and other state agencies are considered cash equivalents.

Inventories

Inventories are valued at cost with cost being generally determined on a first-in, first-out basis.

Accounts Receivable

Accounts receivable are stated at estimated net realizable values; that is, the gross amount of the receivable is reduced by allowances for estimated uncollectible accounts. Accounts receivable represent charges due the University from various student fees, room and board, student fines, and other charges. Accounts receivable also consist of unreimbursed expenses relating to research contracts with federal, state, and private agencies. Accounts receivable totaling \$498,592 and \$398,984 were written off during the fiscal years ended June 30, 2003, and June 30, 2002, respectively.

Accounts receivable at June 30, 2003 totaled \$23,016,737. The allowance for doubtful accounts was computed to be \$3,395,540, resulting in net accounts receivable totaling \$19,621,197. Accounts receivable at June 30, 2002 totaled \$28,042,435. The allowance

for doubtful accounts was computed to be \$3,425,561, resulting in net accounts receivable totaling \$24,616,874.

A summary of accounts receivable balances at June 30, 2003 are as follows:

	Gross	Allowance	Net

Totals	\$ 28,042,435	\$ (3,425,561)	\$ 24,616,874

Biennial Appropriated Budgets

Biennial appropriated budgets are adopted for the state general fund. The biennial period commences on July 1 of each odd year following the adjournment of the regular sessions of the General Assembly, and ends on June 30 two years thereafter. An appropriation is construed to be available for the two year period following the legislative session in which it was approved. All appropriations lapse at the end of the second year of the biennium unless otherwise provided.

Capital Assets

Capital assets consisting of land, buildings, furniture, fixtures, equipment, improvements, and construction in progress are stated at cost or fair market value at date of gift. Buildings, improvements and infrastructure additions are capitalized when the cost is \$50,000 or more. For equipment, the University's capitalization policy includes all items with a unit cost of \$2,500 or more, and an estimated useful life of two years or more. Renovations to buildings, infrastructure, and land improvements with a cost of \$50,000 or more and that significantly increase the value or extend the useful life of the structure are capitalized. Livestock is under the control of the Department of Animal Sciences and is maintained primarily for research purposes with any other benefits derived from the operations considered as incidental to the primary mission of the Department. The inventory value placed on the animals is determined by department heads utilizing current market prices and breeding and research intangibles.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 15 to 30 years for buildings, 15 to 20 years for infrastructure and land improvements, and 3 to 10 years for equipment.

UNIVERSITY OF ARKANSAS, FAYETTEVILLE
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2003

Capitalization of Interest

The University capitalizes interest involving qualifying assets if material. The amount of interest cost to be capitalized is interest cost on borrowings netted against any interest earned on temporary investments of the proceeds of those borrowings from the date of borrowing until the specified qualifying assets acquired with those borrowings are ready for their intended use.

Classification of Revenues

The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

- **Operating revenues:** Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, and (3) most Federal state and local grants and contracts.
- **Nonoperating revenues:** Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts and contributions, and other revenue sources that are defined as nonoperating revenues by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement No. 34, such as state appropriations and investment income.

Scholarship Discounts and Allowances

Student tuition and fee revenues, and certain other revenues from students, are reported net of scholarship discounts and allowances in the Statement of Revenues, Expenses and Changes in Net Assets. Scholarship discounts and allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on the students' behalf. Certain governmental grants, such as Pell grants, and other federal, state or nongovernmental programs, are recorded as either operating or nonoperating revenues in the University's financial statements. To the extent that revenues from such programs are used to satisfy tuition and fees and other student charges, the University has recorded a scholarship discount and allowance.

Changes in Accounting Policy

GASB Statement No. 34 and Statement No. 35, which became effective for public colleges and universities in fiscal year ended June 30, 2002, requires that summer school revenues and expenditures be recognized in the fiscal period that revenues are earned and expended. The University is also required to adopt depreciation on capital assets. Net assets at July 1, 2001 were reduced by \$313,607,391 for the effect of the adoption of depreciation.

(2). Reporting Entity

The University of Arkansas, Fayetteville (“the University”) was established at Fayetteville in 1871 under the provisions of the Morrill Act as both a state university and the land-grant college of Arkansas. The University of Arkansas, Fayetteville includes the Division of Agriculture, the Cooperative Extension Service, Arkansas Archeological Survey, and the Criminal Justice Institute as well as the academic units. The academic units in Fayetteville include ten colleges, schools and divisions: the Dale Bumpers College of Agricultural, Food, and Life Sciences, the School of Architecture, the J. William Fulbright College of Arts and Sciences, the Sam M. Walton College of Business Administration, the College of Education, the College of Engineering, the School of Law, the Honors College, the Graduate School and the Division of Continuing Education. The University is one of eleven campuses of the University of Arkansas System. The governing body is the Board of Trustees which is comprised of ten members.

(3). Compensated Absences

Employees accrue and accumulate annual and sick leave in accordance with policies established by the Board of Trustees. Full time, non-classified, University employees accrue annual leave at the rate of fifteen hours per month, classified employees at a variable rate (from 8 to 15 hours per month) dependent upon number of years of employment in state government. Under the University’s policy, an employee may carry accrued leave forward from one calendar year to another, up to a maximum of 240 hours (30 working days). Employees who terminate their employment are entitled to payment for all accumulated annual leave, up to the maximum allowed.

The University recognizes a liability for compensated absences. The liability is based on the value of unused employee vacation and compensatory time as of year-end, including the associated benefits: contributions to Retirement, Social Security, Medicare, Workers’ Compensation, and Unemployment Insurance. The University recognizes the estimated amount of the liability that will be incurred within the next year as a current liability and the balance as noncurrent.

It is the policy of the University to recognize the cost of sick leave when paid. Employees who leave University employment are not entitled to be paid for accrued sick leave. Therefore no liability is shown in the financial statements for accrued sick leave.

(4). Cash, Cash Equivalents, and Investments

Cash and cash equivalents – The University uses commercial banks for its cash deposits. Board of Trustees policy requires that all cash deposits be either insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by securities held at a third party financial institution (preferably the cognizant Federal Reserve Bank) in the University’s name. Cash deposits are carried at cost. Cash balances in excess of current requirements

Total Deposits	\$ 7,810,935	\$ 8,602,191	\$ 9,097,624	\$ 10,164,184

The University of Arkansas System Administration (System Administration) does not maintain separate bank accounts. System Administration deposits are commingled in University of Arkansas, Fayetteville bank accounts. The carrying value of the System Administration funds was \$1,720,780 at June 30, 2003, and \$1,965,960 at June 30, 2002. The above deposit schedule does not include cash on hand in various imprest funds maintained by the University of \$71,875 or short-term investments of \$35,145,363 at June 30, 2003. At June 30, 2002, these amounts were \$100,677 and \$36,621,995, respectively.

Investments

External Investment Pool

GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools* defines an external investment pool as "an arrangement that commingles (pools) the moneys of more than one legally separate entity and invests, on the participants' behalf, in an investment portfolio and one or more of the participants is not part of the sponsor's reporting entity. An external investment pool can be sponsored by an individual government, jointly by more than one government, or by a nongovernmental entity. An investment pool that is sponsored by an individual state or local government is an external investment pool if it includes participation by a legally

separate entity that is not part of the same reporting entity as the sponsoring government. If a government-sponsored pool includes only the primary government and its component units, it is an internal investment pool and not an external investment pool .”

On February 28, 1997, the University of Arkansas Board of Trustees approved a statement of investment policy that was developed jointly with the chief fiscal officers of each campus of the University of Arkansas System, the University of Arkansas Foundation, Inc. and with an investment consulting firm.

During the year ended June 30, 1997, the University of Arkansas System and the University of Arkansas Foundation, Inc. established and began using an external investment pool. This external investment pool is not SEC-registered. The University of Arkansas Board of Trustees is the sponsor of this investment pool and is responsible for operation and oversight for the pool. The University’s participation in this investment pool is voluntary.

The activities during fiscal year 2003 affecting the University’s investments in the external pool are summarized below:

	Total Return Pool	Short Intermediate Pool	Short Intermediate Pool – CES	Total

NOTES TO THE FINANCIAL STATEMENTS
June 30, 2003

Endowment Funds - Assets of endowed funds, except where donor restrictions prohibit commingling of investments, are pooled on a fair value basis, with each fund subscribing or disposing of units on the basis of the unit fair value. The unit fair value is recalculated each month. The following summarizes the relationship between the pooled assets and their earnings:

	2003	2002
Fair Value @ June 30	\$ 48,850,194	\$ 50,792,615
Number of Units in Pool @ June 30	1,423,788	1,481,858
Fair Value per Unit @ June 30	\$ 34.310	\$ 34.276
Realized Gains/(Losses) for the Year	\$ (727,676)	\$ (4,566,606)
Income Earned for the Year	\$ 1,248,571	\$ 1,366,107
Realized Gain/(Loss) per Unit	\$ (0.51)	\$ (3.08)
Income Earned per Unit	0.88	0.92
Total per Unit	\$ 0.37	\$ (2.16)

Donor-restricted Endowments

The computation of net appreciation on investments of donor-restricted endowments that are available for authorization for expenditure is as follows:

	2003	2002
Total Endowment at June 30	\$ 49,288,313	\$ 51,197,242
Less: Quasi-endowment	(14,323,076)	(14,442,405)
Non-expendable portion of True Endowment	(16,925,809)	(18,260,732)
Available for Expenditure	\$ 18,039,428	\$ 18,494,105

Note: The amounts shown as available for expenditure and the quasi-endowments are reported as expendable net assets on the Statement of Net Assets.

Arkansas Code Annotated 28-69-603 states “The governing board may appropriate for expenditure for the uses and purposes for which an endowment fund is established so much of the net appreciation, realized and unrealized, in the fair value of the assets of an endowment fund over the historic dollar value of the fund as is prudent under the standard established by § 28-69-607.” Historic dollar value is defined as “the aggregate fair value in dollars of (i) an endowment fund at the time it became an endowment fund, (ii) each subsequent donation to the fund at the time it is made, and (iii) each accumulation made pursuant to a direction in the applicable gift instrument at the time the accumulation is added to the fund. The determination of historic dollar value made in good faith by the institution is conclusive.”

UNIVERSITY OF ARKANSAS, FAYETTEVILLE
NOTES TO THE FINANCIAL STATEMENTS

(11). Employee Benefits

A. Retirement Benefits

The University offers employees the option of participating in either the Optional Retirement Program (ORP) which includes Teachers Insurance Annuity Association—College Retirement Equities Fund (TIAA-CREF) and Fidelity Investments or the Arkansas Public Employee Retirement System (APERS). The Arkansas Teacher Retirement System (ATRS) is available only to employees who come to work for the University that have a previous record with ATRS. APERS and ATRS are both defined benefit plans.

The ORP is a defined contribution plan. The plan is a 403(b) program as defined by the Internal Revenue Service Code of 1986 as amended, and is administered by the President of the University or his delegate. Employees who reach their tax-deferred 403(b) maximums can then participate in a 457(b) plan. Contributions to Fidelity Investments shall be applied either to individual annuities issued under a Metropolitan Life Guaranteed Account and/or one or more mutual fund custodian accounts managed by Fidelity Investments. Contributions to TIAA-CREF can be allocated among their various annuity accounts. Arkansas law authorizes participation in the plan.

Participants in the University's plan can choose to be contributory or non-contributory. The University automatically contributes 5% of an employee's regular salary to TIAA-CREF and/or Fidelity Investments retirement account, allocated between the two companies according to the employee's choice. For any contributions an employee makes in excess of 5% regular salary, the University makes an equal contribution, up to a maximum University contribution of 10% of regular salary. Employee contributions in excess of 10% are allowed by the plans in accordance with Internal Revenue Service regulations but the University does not match these additional contributions. All benefits attributable to plan contributions made by both the University and the participant are immediately vested in the participant for all faculty members and non-classified employees and all classified employees whose initial employment occurred prior to January 1, 1985, and who made any plan contributions prior to that date. For all other classified

employees, vesting of benefits attributable to plan contributions made by the University shall occur on the earlier of completion of three years of service, or attainment of age 65, or the participant's having made plan contributions of at least five percent of regular salary for six consecutive months. The University's and participants' TIAA-CREF contributions for the year ending June 30, 2003, were \$11,739,376 and \$11,360,543, respectively. The University's and participants' Fidelity Investments contributions for the year ending June 30, 2003, were \$2,558,419 and \$2,468,022, respectively. The University's and participants' TIAA-CREF contributions for the year ending June 30, 2002, were \$11,448,563 and \$10,596,993, respectively. The University's and participants' Fidelity Investments contributions for the year ending June 30, 2002, were \$2,349,294 and \$2,212,031, respectively.

APERS is a cost-sharing multiple employer defined benefit plan administered by the State of Arkansas. The University contributes 10% of applicable wages to the plan. The University's and participants' contributions for the year ending June 30, 2003, were \$115,447 and \$0, respectively. The University's and participants' contribution for the year ending June 30, 2002, were \$108,032 and \$0, respectively.

ATRS is a cost-sharing multiple employer defined benefit pension plan. The University contributes 12% of all covered employees' salaries. Under certain conditions covered employees may voluntarily contribute 6% of his/her salary. The University's and participants' contributions for the year ending June 30, 2003, were \$45,170 and \$14,532, respectively. The University's and participants' contributions for the year ending June 30, 2002, were \$64,414 and \$26,335, respectively.

The University's and participants' contributions to all other pension plans for the year ended June 30, 2003, were \$619,714 and \$494,818, respectively. The University's and participants' contributions to all other pension plans for the year ended June 30, 2002, were \$744,376 and \$552,186, respectively.

B. Self-Insurance Plans

The University of Arkansas System sponsors self-funded health and dental benefit plans for University employees and their eligible dependents. The Fayetteville, Medical Sciences, Little Rock, Pine Bluff and Monticello campuses, state-wide operating units of the Arkansas Archeological Survey and Division of Agriculture, System Administration, Criminal Justice Institute and the University of Arkansas Foundation, Inc., participate in the health insurance program which is administered by the System Administration. Operations of the plans are recorded in the separate financial statements of the System Administration.

For the year ending June 30, 2003, a total of 4,213 active employees, former employees, and retirees were participants in the health plan. For the year ending June 30, 2002, the total of active employees, former employees, and retirees participating in the health plan was 4,030. The University pays 62.264% for the Point of Service Plan and 72.760% for

the Classic Plan for Fayetteville. For the Division of Agriculture, Arkansas Archeological Survey and Criminal Justice Institute the University pays 70.040% for the Classic Plan. The University pays 72% of the health plan for federal employees.

C. Life Insurance Plan

The University of Arkansas System's life insurance carrier is Unum Life Insurance Company of America. The University's life insurance is a fully-insured arrangement with the premiums being sent directly to the life insurance carrier.

Expenditures for all employee benefits are included as expenditures within the appropriate functional area.

(15). City of Fayetteville Arts Interlocal Agreement

The University of Arkansas and the City of Fayetteville engaged in a joint endeavor to operate the Walton Arts Center. Funds were pooled from each entity to provide for the construction and operation of the center. To administer this project and its funds, the University and the City of Fayetteville established a nonprofit organization called the University of Arkansas/City of Fayetteville Arts Foundation, Inc., which was incorporated on January 19, 1987. There are nine directors, three are appointed by the University, three by the City of Fayetteville, and three are recommended by the Foundation that must be approved by the mayor and chancellor. The audited financial statements of the University of Arkansas/City of Fayetteville Arts Foundation, Inc., as of and for the year ended June 30, 2003, were not available at the time these financial statements were prepared. Therefore, the financial statements of the Arts Foundation as of and for the year ended June 30, 2002, which have been audited by an independent certified public accountant, are presented below in summary form:

(17). Change in Accounting Practice

Effective with the year ended June 30, 2002, the University changed its capitalization policy for equipment from \$500 to \$2,500. This change resulted in a write down of the total equipment balance of \$37,156,526. The accumulated depreciation related to this change was \$28,552,689 for a net write down of net assets of \$8,603,837. In addition, the University adopted a capitalization policy for buildings, improvements and infrastructure of \$50,000. This policy adoption resulted in a write down of buildings, improvements and infrastructure of \$4,561,980. The accumulated depreciation related to this change was \$3,230,321 for a net write down of net assets of \$1,331,659. The total amount attributable to the changes in accounting practices was \$9,935,496.

(18). Restatement of Prior Year Net Assets

The balance of net assets as reported in the June 30, 2002, financial report was \$471,121,880. The balance was restated by \$1,023,852, which represents an accrual of interest expense for the year ended June 30, 2002, and is shown as accrued interest payable in the fiscal 2002 column of the Statement of Net Assets.

(19). Short-Term Debt

GASB Statement No. 38 issued June 1, 2001, states that governments should provide details about short-term debt activity during the year, even if no short-term debt is outstanding at year-end. The University had no short-term debt activity during the fiscal year, nor is there any outstanding balance of short-term debt as of June 30, 2003.

(20). New Accounting Pronouncements

In May 2002, GASB issued Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, which amends GASB Statement No. 14 to provide additional guidance to determine whether certain organizations for which the primary government is not financially accountable should be reported as component units based on the nature and significance of their relationship with a primary government. Under the standard, which becomes effective in the fiscal year ending June 30, 2004, the financial

activities of qualifying foundations would be included in the financial statements of the primary government, through discrete presentations. Management has not yet determined the effect of the implementation of this statement on the University's financial statements.

In March 2003, GASB issued Statement No. 40, *Deposit and Investment Risk Disclosures*, which amends GASB Statement No. 3. This Statement, effective in the fiscal year ending June 30, 2005, addresses common deposit and investment risks related to credit risk, concentration of credit risk, interest rate risk, and foreign currency risk. Management has not yet determined the effect of the implementation of this statement on the University's financial statements.

In addition, GASB has issued the following exposure drafts: (1) *Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries* with a proposed implementation date in the fiscal year ending June 30, 2005; (2) *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans* with a proposed implementation date in the fiscal year ending June 30, 2006; and (3) *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions* with a proposed implementation date in the fiscal year ending June 30, 2007. Management has not yet determined the effect of the implementation of these proposed statements on the University's financial statements.

(21). Contingencies

The University has been named as defendant in several lawsuits. It is the opinion of management and its legal counsel that the ultimate outcome of litigation will not have a material effect on the future operations or financial position of the University.
